Sept 14, 2011 to Sept 21, 2011	5,390	2,130	4,690

*** July 5, 2011, due to the dryness of the drip island we changed the run times to 15 minutes every day and start times 8:00pm and 8:30pm.

**** July 15, 2011, we again changed the run times to zones 1 and 17 (drip island) to 30 minutes every day and changed the start times to 8:00pm and 8:45pm. The island appears to be recovering.

***** August 09, 2011, Again the run time for the Drip Island was adjusted, this time to 15 minutes, down from 30 minutes as it seems the prior adjustment did improve the status of the island. We left the start times alone for now.

All of these adjustments were done with the manufactures input and advice.
